2022 New Jersey District Salary Guidelines

We believe it should be the goal of every New Jersey District congregation that the living needs of the pastor, and his family, should be met so that he can carry on his ministry with minimal financial concerns. "The pastors who rule well are to be considered worthy of double honor, especially those who work hard at preaching and teaching. For the Scripture says, 'You shall not muzzle the ox while he is threshing,' and 'the laborer is worthy of his wages.'" (1 Timothy 5:17--18)

The salaries listed in the above chart are base salary suggestions for a full-time position only and DO NOT INCLUDE housing allowance, car allowance, health and retirement benefit plans or other professional expenses funded or reimbursed in the course of a pastor's ministry. If the congregation is unable to provide a reasonably close base salary to the suggested scale, we recommend prorating the provided base salary according to this scale based on an expected work week of 44 hours and freeing the pastor to seek a bi-vocational employment to meet these basic economic needs (or entering into a dual parish ministry partnership with a sister New Jersey District congregation that is experiencing a pastoral vacancy).

The New Jersey District also expects that these **additional annual benefits** would be provided by the congregation

Car allowance:	\$4,000 -- \$6,000
Utility allowance:	\$4,200
Housing Equity (if parsonage provided)	\$6,000
Housing Allowance (if no parsonage provided)	average housing costs in a 5 mile radius of the congregation should be used as the guide for determining the housing allowance *MIT has reported that the average housing costs for a family of five in NJ is \$23,453 livingwage.mit.edu
